(B) Except as provided in division (J) below, when any board, commission, agency, department, officer or employee of the town is authorized to make purchases in the name or on the behalf of the town and requires the purchase of materials, supplies, furnishings, equipment, services, livestock or other personal property which is expected to exceed the sum of $10,000 in cost or value, the board, commission, agency, department, officer or employee shall submit the particulars and specifications of the purchase, in writing, to the appropriate purchasing authority for the purpose of inviting competitive bids. The purchasing authority shall solicit competitive bids for the item(s) to be purchased by publication in a newspaper having a general circulation in the town, by invitations mailed to selected vendors and by posting on the public signpost. All invitations to bid shall include detailed particulars and specifications or shall indicate where the particulars and specifications may be obtained and shall specify the time and place where the bids shall be filed and the time and place where the bids will be opened. The purchasing authority shall evaluate all bids received, shall consult
with the board, commission, agency, department, officer or employee for which the purchase is to be made and, within a reasonable time after the opening of the bids, shall award the purchase to the bidder of their choice. The purchasing authority has the right to reject any and all bids in accordance with the provisions of division (D) below.

(C) Any bidder which is found by the purchasing authority to be delinquent in the payment of taxes due to the town, for either personal or real property, shall not be deemed a qualified bidder unless the bidder first submits a plan acceptable to the Tax Collector and to the purchasing authority to cure the tax delinquency. The plan may include a schedule of payments sufficient to make the bidder current in the payment of taxes within a time period deemed acceptable to the Tax Collector and to the purchasing authority.

(D) If the purchasing authority determines that the bids submitted are inadequate in number in relation to the scope or character of the subject matter of the bid, that the bids submitted are excessive in price or that any or all of the bids submitted are unacceptable for any other good and substantial reason, the purchasing authority, in its discretion, may reject the bid or bids within a reasonable time after the opening of bids. Whenever the purchasing authority rejects any bid or bids, it shall state the reasons for the rejection in the minutes kept for that purpose by the purchasing authority. The minutes shall be a matter of public record and shall be open for public inspection in the same manner as other public records of the town.

(E) All bids and awards shall be kept on file by the purchasing authority for five years thereafter and shall be available for public inspection during business hours.

(F) Whenever the purchasing authority deems it necessary that a formal contract be entered into between the town and the successful bidder, the form of the contract shall be prepared and/or approved by the purchasing authority prior to the solicitation of competitive bids. The contract shall be included in the particulars and specifications of and shall be executed by the successful bidder.

(G) When, in the opinion of the purchasing authority, or during an emergency, sufficient time shall be unavailable for the solicitation of competitive bids for a particular purchase because of the existence of an urgent situation, then the purchasing authority or, during an emergency, the First Selectman may make the purchase without competitive bidding. A record of all the urgent transactions shall be kept in the minutes of the purchasing authority and notification made to the responsible board, commission, agency, department, officer or employee.

(J) This section shall not apply to any purchases except as provided in divisions (H) and (I) above, to any contracts made by any board, commission, agency, department, officer or employee of the town for professional services, which shall include but not be limited to services such as legal, insurance, architectural and engineering, nor to the hiring of employees by any town board, commission, agency or department.

(K) Notwithstanding the provisions of division (B) above, if the purchasing authority determines that the town should purchase materials, supplies, furnishings, equipment, services, livestock or other personal property at public auction or private sale, the First Selectmen shall be permitted to bid for and purchase the same at public auction or private sale, provided that prior to bidding at the auction or private sale the particulars are submitted to the purchasing authority and the purchasing authority authorizes the purchase and the First Selectmen does not bid in excess of the amount appropriated. A record of all the transactions shall be kept in the minutes of the purchasing authority for five years thereafter and shall be available for public inspection during business hours.

(L) Whenever any board, commission, agency, department, officer or employee of the town requires the disposal of any material or equipment properly belonging to the town with an estimated value in excess of $500, the board, commission, agency, department, officer or employee shall submit, in writing, the particulars to the purchasing authority. The purchasing authority shall sell the material or equipment by invitation for sealed competitive bids or by public auction. In the event of sale by sealed competitive bids, the purchasing authority shall advertise the particulars in a newspaper having a general circulation in the town inviting the necessary bids and specifying the time and place when the bids shall be publicly opened and noted. The purchasing authority shall evaluate all bids received in accordance with other divisions of this section and shall have final approval on the disposal of any such material or equipment. In the event of public auction, the purchasing authority shall determine terms and conditions of sale including questions regarding minimum bids. The purchasing authority shall advertise in a newspaper having a general circulation in the town, the date, time, place, particulars of the item(s) being sold and the terms and conditions of the sale. This section is enacted for the purpose of assisting elderly homeowners with a portion of the costs of property taxation.

Stat. § 12-48, and who occupies the property as a residence shall be entitled to credit on the annual taxes for the real property for the following fiscal year provided that all of the following conditions are complied with:

In the event that all tax relief benefits obtained from the state, together with the benefit provided for by this section result in a reduction of the taxpayer’s total real estate tax by more than 75%, then the tax relief provided for by this section shall be reduced by the amount necessary to prevent all tax relief from exceeding the 75% in the aggregate.

(c) If a taxpayer has qualified and received tax relief under the provisions of this section and subsequently becomes disqualified for any reason, he or she shall notify the Tax Assessor on or before May 15 of the year in which he or she becomes disqualified and he or she shall be denied tax relief under this section for the fiscal year and until he or she has again applied and qualified for relief under this section. Gen. Stat. § 12-81a.

Persons not otherwise eligible shall not receive any tax credit.
